

ISO 9001:2015 Blending Facility

Engineered to outlast the mile.

TrueOil formulates automotive, heavy-duty industrial, and marine lubricants designed to maintain film strength under extreme thermal shear — from first start to final shift.

COMPANY OVERVIEW

Built on the blending floor, not the boardroom.

TrueOil formulates automotive, heavy industrial, and marine lubricants engineered for extreme climates and machinery that don't forgive shortcuts. Every batch is blended in our automated facility and laboratory-tested before shipment.

What started as a single blending line now supplies fleets, mining equipment, and marine transport across 40 countries — maintaining tight QA standards on every drum.

- Automated inline dosing with zero cross-contamination
- Full OEM compliance & international laboratory approvals
- Global logistics network supporting bulk tank and drum supply

PRODUCT CATALOG

A grade for every engine, gear and shift.

From high-rpm passenger vehicles to heavy industrial hydraulic systems, explore our certified lubricant spectrum.

All Products (4)

Automotive

Industrial

Marine

Greases & Specialty

CAT 01

↗

Automotive Series

Full synthetic engine oils (0W-20 to 10W-40), ATF, DCT fluids, and high-performance gear oils.

API SP / SN

ACEA A3/B4

MB 229.5

CAT 02

↗

Industrial & Heavy Duty

ISO VG hydraulic oils, gear lubricants, turbine, compressor, and slide-way fluids for heavy machinery.

DIN 51524-2

ISO 11158

Pazkoz HF-0

CAT 03

↗

Marine Lubricants

Trunk piston engine oils (TPEO), system oils, and high-BN cylinder lubricants for 2-stroke diesel engines.

MAN ES Approved

WinGD Compliant

BN 40 to 180

CAT 04

↗

Greases & Fluids

Lithium complex EP greases, synthetic molybdenum greases, extended life coolants, and brake fluids.

NLGI 2 / 3

DOT 4 LV

OAT Coolant

WHY TRUEOIL

Consistency you can run a fleet on.

Three core pillars engineered to guarantee uncompromised performance from one batch to the next.

BLEND QA

In-House Dosing & Lab Testing

Virgin Group II & Group III base stocks blended with tier-1 additive packages from Infineum, Lubrizol & Afton. Inspected batch by batch.

STANDARDS

OEM-Approved Formulations

Certified against stringent manufacturer specs (Mercedes-Benz, Volvo, MAN, Caterpillar) ensuring zero loss of engine warranty.

LOGISTICS

Reliable Global Supply

From 1L bottles to 208L drums and 20,000L flexi-tanks, our supply chain guarantees quick delivery times across key shipping ports.

APPROVALS & COMPLIANCE

Tested against specs that matter.

TrueOil products meet or exceed the following international standards:

API SP / SN / CF

Engine

American Petroleum Institute top tier protection for turbo & GDI engines.

ACEA A3/B4

European

High-performance European passenger car petrol and light diesel standard.

MB 229.5

Mercedes

OEM approval for extended oil drain intervals in passenger cars.

Volvo VDS-4.5

Heavy Fleet

Heavy duty diesel approval for low emission Euro VI engines.

ISO 9001:2015 Facility

Certified quality management system for lubricant manufacturing.

JASO MA2

Motorcycle

Japanese standard for high friction wet clutch 4-stroke motorcycle engines.

KNOWLEDGE BASE

Frequently Asked Questions

What is the minimum order quantity (MOQ) for bulk orders?

+

Can TrueOil provide custom lubricant blending for private label clients?

+

How do I select the right oil grade for my heavy equipment fleet?

+

Does TrueOil provide Technical Data Sheets (TDS) and Safety Data Sheets (SDS)?

+

Not sure which grade your equipment needs?

Use our 30-second automated grade matching tool or consult directly with our lubrication engineers.
